Hazardous Materials

Table 1
Richmond/Hampton Roads Passenger Rail Study

United States Environmental Protection Agency
Superfund Information Systems
Comprehensive Environmental Response, Compensation and Liability Information System
(CERCLIS) Online Database

EPA ID	Site Name	Address	City	County	NPL Status
VAD002352151	EPPINGER & RUSSELL CO INC	4010 BUELL ST MONEY POINT	CHESAPEAKE	CHESAPEAKE CITY	Not NPL
VAN000306122	GASTON RICHMOND FLOODS	14TH & MAIN STREETS	RICHMOND	RICHMOND	Not NPL
VAN000306152	BOUNDARY STREET MERCURY SPILL	412 N BOUNDARY STREET	WILLIAMSBURG	WILLIAMSBURG CITY	Not NPL

As researched on August 8, 2005 on the USEPA's Website at http://www.epa.gov/superfund/sites/cursites/index.htm

Sites included in the table were identified to be within or proximal to a 1/2-mile of the respective proposed station location using Yahoo Maps®, Mapquest®, or similar. Note, given the limitations of the mapping programs, those sites that were identified to be located immediately adjacent to the ½-mile radius of the proposed stations are conservatively included. A field survey that cross-references the annotated databases would be required to more accurately plot the respective locations.

Information as reviewed on June 9, 2005 from the VADEQ's Website at: http://www.deq.virginia.gov/tanks/dwnllib.html#petdbf

Sites included in the table were identified to be within or proximal to a 1/2-mile of the respective proposed station location using Yahoo Maps®, Mapquest®, or similar. Note, given the limitations of the mapping programs, those sites that were identified to be located immediately adjacent to the ½-mile radius of the proposed stations are conservatively included. A field survey that cross-references the annotated databases would be required to more accurately plot the respective locations.

Facility ID No.	Name	Address	City	Zip 5	County	Facility Type

Sites included in the table were identified to be within or proximal to a 1/2-mile of the respective proposed station location using Yahoo Maps®, Mapquest®, or similar. Note, given the limitations of the mapping programs, those sites that were identified to be located immediately adjacent to the ½-mile radius of the proposed stations are conservatively included. A field survey that cross-references the annotated databases would be required to more accurately plot the respective locations.

Williamsburg Landfill		Williamsburg	412 N Boundary St Williamsburg, VA - 23185	SWP071	Closed	Closed Sanitary Landfill [SW]

Using the VADEQ-provided Access 2002 program, the information was reviewed on June 5, 2005 from the VADEQ's Website at: http://www.deq.virginia.gov/waste/s-waste.html

Sites included in the table were identified to be within or proximal to a 1/2-mile of the respective proposed station location using Yahoo Maps®, Mapquest®, or similar. Note, given the limitations of the mapping programs, those sites that were identified to be located immediately adjacent to the ½-mile radius of the proposed stations are conservatively included. A field survey that cross-references the annotated databases would be required to more accurately plot the respective locations.
