

# High School Activity Mobility Planning

---

1. Without looking at google maps, write out step-by-step directions to school. Provide street names and landmarks.

---

---

---

---

---

---

---

---

2. Research public transportation options in your area and determine a route to the nearest library. Include route names and pickup times.

---

---

---

---

---

3. Write a PSA about choosing public transportation over car travel. What is your platform- Traffic reduction, environmental impact, community? Who is your target audience? Write a sample script.

---

---

---

---

---

---

---

---

4. On a separate sheet of paper, draw a blueprint of your house and map out routes to major amenities inside your home. I.e. food, water, lodging, restrooms, entertainment, etc.
