PRE -AWARD PURCHASER'S REQUIREMENTS CERTIFICATION

As required by Title 49 of the CFR. Part 663 - Subpart B, Department of Rail and Public Transportation (the recipient) certifies that the buses to be purchased, ADA Lowered Floor Minivan Side-Entry Fold out Ramp (description of buses) from Sonny Merryman, Inc., / The Braun Corporation (the manufacturer), are the same product described in the recipient's solicitation specification and that the proposed manufacturer is a responsible manufacturer with the capability to produce a bus that meets the specifications.

Date: 11/10/2020

Signature:

A handwritten signature in black ink, appearing to read "Jennifer L. Mitchell".

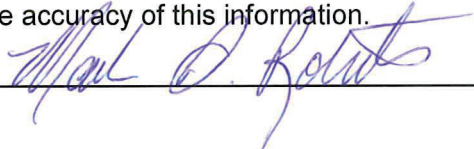

Title: Transit Projects Manager

VENDOR DATA SHEET

The following information is required as part of the Bidder's response to this solicitation. Failure to complete and provide this sheet may result in bid being declared nonresponsive. (In the case of a Combined Two-Step IFB, it may cause the Technical Proposal to be determined to be not acceptable.)

1. Qualification: The Bidder must have the capability and capacity in all respects to satisfy fully all of the contractual requirements.
2. Bidder's Primary Contact:
 Name: Mark Roberts Phone: 434-485-8603 Email: mark@sonnymerryman.com
3. Years in Business: Indicate the length of time Bidder has been in business providing this type of good or service:
53 Years 10 Months
4. eVA Vendor ID or DUNS Number: C12391 / 01-005-3718
5. Indicate below a listing of at least four (4) current or recent accounts, either commercial or governmental, that the Bidder is servicing, has serviced, or has provided similar goods/services. Include the length of service and the name, address, and telephone number of the point of contact.
 - A. Company: DRPT Contact: Neil Sherman
 Phone: (804) 786-1154 Email: neil.sherman@drpt.virginia.gov
 Dates of Service: 1995 - Present \$ Value: \$20,000,000.00+
 - B. Company: GRTC Contact: Tony Byrd
 Phone: (804) 358-3871 Email: tony.byrd@ridegrtc.com
 Dates of Service: 2000 - Present \$ Value: \$6,000,000+
 - C. Company: WMATA Contact: Multiple - call Mark at SMI for info
 Phone: (202) 962-1234 Email: Multiple call Mark at SMI for info
 Dates of Service: 2007 - Present \$ Value: \$20,000,000.00+
 - D. Company: Capital Region Airport Commission Contact: Folger Tuck
 Phone: (804) 226-3000 Email: ftuck@flyrichmond.com
 Dates of Service: 2003 - Present \$ Value: \$2,000,000.00+

I certify the accuracy of this information.

Small Business Subcontracting Plan

It is the goal of the Commonwealth that over 42% of its purchases be made from small businesses. All potential bidders are required to include this document with their bid response in order to be considered responsive.

Small Business: "Small business (including micro)" means a business which holds a certification as such by the Virginia Department of Small Business and Supplier Diversity (DSBSD) on the due date for bids. This shall also include DSBSD-certified women- owned and minority-owned businesses and businesses with DSBSD service disabled veteran owned status when they also hold a DSBSD certification as a small business on the bid due date. Currently, DSBSD offers small business certification and micro business designation to firms that qualify.

Certification applications are available through DSBSD online at www.SBSD.virginia.gov (Customer Service).

Bidder Name: Sonny Merryman, Inc

Preparer Name: Mark Roberts  **Date:** 11/6/2020

Who will be doing the work: I plan to use subcontractors I plan to complete all work

Instructions

- A. If you are certified by the DSBSD as a micro/small business, complete only Section A of this form.
- B. If you are not a DSBSD-certified small business, complete Section B of this form. For the bid to be considered and the bidder to be declared responsive, the bidder shall identify the portions of the contract that will be subcontracted to DSBSD-certified small business for the initial contract period in relation to the bidder's total price for the initial contract period in Section B.

Section A

If your firm is certified by the DSBSD provide your certification number and the date of certification.

Certification number: 9485 Certification Date: Expires 2/14/2025

Section B

If the "I plan to use subcontractors box is checked," populate the requested information below, per subcontractor to show your firm's plans for utilization of DSBSD-certified small businesses in the performance of this contract for the initial contract period in relation to the bidder's total price for the initial contract period. Certified small businesses include but are not limited to DSBSD-certified women-owned and minority-owned businesses and businesses with DSBSD service disabled veteran-owned status that have also received the DSBSD small business certification. Include plans to utilize small businesses as part of joint ventures, partnerships, subcontractors, suppliers, etc. It is important to note that these proposed participation will be incorporated into the subsequent contract and will be a requirement of the contract. Failure to obtain the proposed participation dollar value or percentages may result in breach of the contract.

B. Plans for Utilization of DSBSD-Certified Small Businesses for this Procurement

SMALL BUSINESS SUBCONTRACTING PLAN

It is the goal of the Commonwealth that over 42% of its purchases be made from small businesses. All potential bidders are required to submit the subcontractor plan by one of the following methods in order to be considered responsive:

- A. Complete the subcontractor plan as specified in the electronic response; or
- B. Download the "paper response" form, complete the subcontractor plan section, and submit as an attachment with the bid response.

Small Business: "Small business (including micro)" means a business which holds a certification as such by the Virginia Department of Small Business and Supplier Diversity (DSBSD) on the due date for proposals. This shall also include DSBSD-certified women- owned and minority-owned businesses and businesses with DSBSD service disabled veteran owned status when they also hold a DSBSD certification as a small business on the proposal due date. Currently, DSBSD offers small business certification and micro business designation to firms that qualify.

Certification applications are available through DSBSD online at www.SBSD.virginia.gov (Customer Service).

STATE CORPORATION COMMISSION FORM

The following information is required as part of the Bidder's response to this solicitation. Failure to complete and provide this form may result in bid being declared nonresponsive. (In the case of a Combined Two-Step IFB, it may cause the Technical Proposal to be determined to be not acceptable.)

Virginia State Corporation Commission ("SCC") registration information: The Bidder:

is a corporation or other business entity with the following SCC identification number:
01109164

-OR-

is not a corporation, limited liability company, limited partnership, registered limited liability partnership, or business trust

-OR-

is an out-of-state business entity that does not regularly and continuously maintain as part of its ordinary and customary business any employees, agents, offices, facilities, or inventories in Virginia (not counting any employees or agents in Virginia who merely solicit orders that require acceptance outside Virginia before they become contracts, and not counting any incidental presence of the Bidder in Virginia that is needed in order to assemble, maintain, and repair goods in accordance with the contracts by which such goods were sold and shipped into Virginia from Bidder's out-of-state location)

-OR-

is an out-of-state business entity that is including with this bid an opinion of legal counsel which accurately and completely discloses the undersigned Bidder's current contacts with Virginia and describes why those contacts do not constitute the transaction of business in Virginia within the meaning of § 13.1-757 or other similar provisions in Titles 13.1 or 50 of the Code of Virginia.

****NOTE**** >> Check the following box if you have not completed any of the foregoing options but currently have pending before the SCC an application for authority to transact business in the Commonwealth of Virginia and wish to be considered for a waiver to allow you to submit the SCC identification number after the due date for bids (the Commonwealth reserves the right to determine in its sole discretion whether to allow such waiver):

CERTIFICATION AND RESTRICTIONS ON LOBBYING

I, Mark Roberts - Senior Vice President hereby certify (Name and title of official)

On behalf of Sonny Merryman, Inc. that: (Name of Bidder/Company Name)

? No federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, and officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

? If any funds other than federal appropriated funds have been paid or will be paid to any person influencing or attempting to influence an officer or employee of any agency, a Member of Congress, and officer or employee of Congress, or an employee of a Member of Congress in connection with the federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form – LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

? The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including sub-contracts, sub-grants and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure

The undersigned certifies or affirms the truthfulness and accuracy of the contents of the statements submitted on or with this certification and understands that the provisions of 31 U.S.C. Section 3801, et seq., are applicable thereto.

Name of Bidder/Company Name: Sonny Merryman, Inc.

GOVERNMENT-WIDE DEBARMENT AND SUSPENSION (NONPROCUREMENT)

Instructions for Certification: By signing and submitting this bid or proposal, the prospective lower tier participant is providing the signed certification set out below.

1. It will comply and facilitate compliance with U.S. DOT regulations, "Nonprocurement Suspension and Debarment," 2 CFR part 1200, which adopts and supplements the U.S. Office of Management and Budget (U.S. OMB) "Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)," 2 CFR part 180,
2. To the best of its knowledge and belief, that its Principals and Subrecipients at the first tier:
 - a. Are eligible to participate in covered transactions of any Federal department or agency and are not presently:
 1. Debarred
 2. Suspended
 3. Proposed for debarment
 4. Declared ineligible
 5. Voluntarily excluded
 6. Disqualified
 - b. Its management has not within a three-year period preceding its latest application or proposal been convicted of or had a civil judgment rendered against any of them for:
 1. Commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction, or contract under a public transaction,
 2. Violation of any Federal or State antitrust statute, or
 3. Proposed for debarment commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making any false statement, or receiving stolen property
 - c. It is not presently indicted for, or otherwise criminally or civilly charged by a governmental entity (Federal, State, or local) with commission of any of the offenses listed in the preceding subsection 2.b of this Certification,
 - d. It has not had one or more public transactions (Federal, State, or local) terminated for cause or default within a three-year period preceding this Certification,
 - e. If, at a later time, it receives any information that contradicts the statements of subsections 2.a – 2.d above, it will promptly provide that information to FTA,
 - f. It will treat each lower tier contract or lower tier subcontract under its Project as a covered lower tier contract for purposes of 2 CFR part 1200 and 2 CFR part 180 if it:
 1. Equals or exceeds \$25,000,
 2. Is for audit services, or
 3. Requires the consent of a Federal official, and
 - g. It will require that each covered lower tier contractor and subcontractor:
 1. Comply and facilitate compliance with the Federal requirements of 2 CFR parts 180 and 1200, and
 2. Assure that each lower tier participant in its Project is not presently declared by any Federal department or agency to be:
 - a. Debarred from participation in its federally funded Project,
 - b. Suspended from participation in its federally funded Project,
 - c. Proposed for debarment from participation in its federally funded Project,
 - d. Declared ineligible to participate in its federally funded Project,
 - e. Voluntarily excluded from participation in its federally funded Project, or
 - f. Disqualified from participation in its federally funded Project, and
3. It will provide a written explanation as indicated on a page attached in FTA's TrAMS-Web or the Signature Page if it or any of its principals, including any of its first tier Subrecipients or its Third Party Participants at a lower tier, is unable to certify compliance with the preceding

PRE- AWARD CERTIFICATION REQUIREMENT FOR PROCUREMENT OF ROLLING STOCK (RECIPIENT)

BUY AMERICA REQUIREMENTS: Contractor shall complete and submit a declaration certifying either compliance or noncompliance with Buy America. If contractor certifies compliance with Buy America, it shall submit documentation listing:

- A. Component and subcomponent parts of the rolling stock to be purchased identified by manufacturer of the parts, their country of origin and costs; and
- B. The location of the final assembly point for the rolling stock, including a description of the activities that will take place at the final assembly point and the cost of final assembly.
- C. Solicitation Specification Requirements: Contractor shall submit evidence that it will be capable of meeting the bid specifications.
- D. Federal Motor Vehicle Safety Standards (FMVSS): Contractor shall submit 1) manufacturer's FMVSS self-certification sticker information that the vehicle complies with relevant FMVSS or 2) manufacturer's certified statement that the buses will not be subject to FMVSS regulations.

As required by Title 49 of the CFR, Part 663 – Subpart B, _____ (the recipient) is satisfied that the buses to be purchased, _____ (number and description of buses) from _____ (the manufacturer), meet the requirements of Section 165(b)(3) of the Surface Transportation Assistance Act of 1982, as amended. The recipient or its appointed analyst _____ the analyst – not the manufacturer or its agent), has reviewed documentation provided by the manufacturer, which lists (1) the proposed component and subcomponent parts of the buses identified by manufacturer, country of origin, and cost; and (2) the proposed location of the final assembly point for the buses, including a description of the activities that will take place at the final assembly point and the cost of final assembly.

PRE-AWARD PURCHASER'S REQUIREMENTS CERTIFICATION

As required by Title 49 of the CFR, Part 663 – Subpart B, _____ (the recipient) certifies that the buses to be purchased, _____ (number and description of buses) from _____ (the manufacturer), are the same product described in the recipient's solicitation specification and that the proposed manufacturer is a responsible manufacturer with the capability to produce a bus that meets the specifications.

PRE-AWARD FMVSS COMPLIANCE CERTIFICATION

As required by Title 49 of the CFR, Part 663 – Subpart D, _____ (the recipient) certifies that it received, at the pre-award stage, a copy of _____ 's (the manufacturer) self-certification information stating that the buses, _____ (number and description of buses), will comply with the relevant Federal Motor Vehicle Safety Standards issued by the National Highway Traffic Safety Administration in Title 49 of the Code of Federal Regulations, Part 571.

COMMONWEALTH OF VIRGINIA
Department of General Services
Division of Purchases and Supply
Attachment G
Addendum 1
Specifications and Pricing

I. SPECIFICATIONS:

- A. This specification is for 2020 model or newer minivan (Chrysler Voyager or equivalent) and shall be capable of carrying in one trip at least three (3) ambulatory adult forward-facing seated passengers and two (2) passengers seated in mobility aids, in addition to the driver. The vehicle is convertible to at least five (5) ambulatory passengers, plus the driver, if optional (2) passenger center fold-away seat is chosen. This minivan shall be made ADA compliant through a modification whereby the vehicle floor area is lowered approximately 13" from the engine toe-pan to the rear axle to meet minimum ADA door opening height requirement (56"). There shall be no modification to any portion of the vehicle roof in meeting the ADA door opening height requirement. A 30" usable clear width manual, 80-degree (nominal) swing-away, fold-up mobility aid ramp is to be mounted vertically and inboard of the curbside passenger sliding door.

The following specifications are intended to define the minimum level of quality and performance of the requested product, and are meant to be met or exceeded. If brand names are provided in text, the specifications are not meant to be restrictive as to brand name or manufacturer unless specifically designated as mandatory. Equipment bid may be the brand name and model, or shall be a pre-approved equivalent to brand names and/or any other specification elements. **Bidders shall indicate compliance with the specification item, equivalence, or clarifying information on the specifications form next to each specification item, using the lines provided across from the specification items. Failure to indicate compliance, equivalence or clarifying information shall cause rejection of bid.**

- B. **Bidder Requirements:** These specifications incorporate where appropriate all provisions of the Americans with Disabilities Act Final Rule as stated in the Federal Register Vol. 56. No.173 of September 6, 1991, Subpart B - Buses, Vans and Systems, pages 45756 through 45761. **Bidders shall submit a base floor plan and technical data of the product offered. The Commonwealth reserves the right to obtain technical data and to request clarification when deemed necessary. Failure on the part of the bidder to provide all requested documentation may be cause to reject the bid, as non-responsive. Must represent an OEM approved converter. Proof of manufacturer's Ford QVM certification ~~to~~ shall be provided with bid.**
1. The vehicle and equipment offered in answer to this request for bid must be 2020 model or newer unused current production model of the equipment required. No prototype, or demonstrator, or rebuilt product will be accepted, and offering of such a product shall be cause for bid rejection.
 2. All items in this specification must be bid as a complete package. **Bids containing only selected elements of the entire specification shall not be accepted.**
 3. The completed vehicle shall be delivered to the designated receiving location. Vehicle and equipment must be put in service by a qualified representative of the contractor at the delivery location. The representative must demonstrate that the vehicle and all installed equipment are operating correctly, with no defects in materials or installation. The representative must operate all the installed equipment on each vehicle, and instruct user personnel in operation and safety requirements of the installed equipment. Vendor shall provide pre-delivery inspection (PDI) of the vehicle prior to delivery.
 4. Products provided must be warranted with the supplier's best warranty offered, to provide no-cost protection to the Commonwealth for correction or replacement as needed for defects in manufacturing, assembly, or parts. Provide documentation of warranty for the products offered in answer to this invitation for bid.

This form must be returned with response to solicitation

5. **Altoona Bus Testing Report:** The converted minivan must be submitted to the Altoona Bus Test Center for a 4 yr./100,000-mile Surface Transportation and Uniform Relocation Assistance Act (STURAA) test. Testing shall be completed prior to delivery. A copy of the test report shall be made available to the State as soon as available.
6. **Fleet Numbers:** If required by the Manufacturer, all Authorized Users shall provide a Fleet Number prior to placing a Vehicle order with the Contractor. The Contractor shall verify if the Authorized User has an existing number. If the Authorized User does not have a required Fleet Number, the Contractor shall fully assist them in obtaining one.
7. **Delivery Locations and Times:** Vehicles shall be delivered to various state agencies, cities, counties, towns and political subdivisions throughout the Commonwealth as required and indicated in the purchase order. Normal hours for delivery shall be between the hours of 8:00 AM and 5:00 PM, except on official state holidays and periods of shut down, unless otherwise instructed by the Authorized User. The Contractor shall clarify and coordinate deliveries with the Authorized User.
8. **Delivery and Delivery Rates:** The Contractor shall provide delivery for the Vehicle(s) purchased in accordance with the following:
 - a. **Included Miles - All deliveries to DGS Office of Fleet Management Services (OFMS) in Richmond:** Vehicle(s) shall be delivered FOB Destination, freight included. No extra charges permitted.
 - b. **Distance:** Shall be calculated by the number of actual miles from the Contractor's physical address to the delivery point specified by the Authorized User. Mileage shall be determined using Google (maps and directions) at <http://maps.google.com>; with the results rounded up to the next whole mile.
 - c. **Additional Mileage – Distance equal to or more than 51 Miles:** The Contractor may add an additional delivery charge of no more than \$1.80 per mile of the difference between the actual total distance minus 50 included miles. (Example: Actual total distance= 150 miles, minus 50 included miles, equals 100 miles applicable to an additional delivery charge per Vehicle.)
 - d. Bidders shall provide the additional delivery rates in accordance with the Pricing Schedule and as follows:
 - i. Single purchase order for multiple Vehicles: Bidders should offer a reduced delivery rate for multiple Vehicles ordered on any single purchase order. The regular rate provided must be equal to or less than \$1.80 per mile applicable to the first Vehicle and any reduced rates should apply to subsequent Vehicles on the same purchase order. Partial shipments of any single order made at the option of the Contractor shall not change delivery charges.
 - ii. Multiple purchase orders: If the Contractor delivers multiple Vehicles ordered on different purchase orders in a single shipment, the Contractor should extend the reduced delivery rate(s) to the Authorized User. The Contractor must have prior written approval from the Authorized User and obtain any necessary change orders.
 - iii. Additional delivery rates shall not apply to any Vehicle ordered by OFMS.
9. **Delivery Locations and Times:** Vehicles shall be delivered to various state agencies, cities, counties, towns and political subdivisions throughout the Commonwealth as required and indicated in the purchase order. Normal hours for delivery shall be between the hours of 8:00 AM and 5:00 PM, except on official state holidays and periods of shut down, unless otherwise instructed by the Authorized User. The Contractor shall clarify and coordinate deliveries with the Authorized User.
10. **Delivery Lead Time:** Bidders shall provide a delivery lead-time, after receipt of order (ARO), in the "Delivery Date" section of the solicitation. This lead-time shall be for orders placed prior to the build out date.
11. **Taxes:** No Federal Taxes shall be included in the bid response pricing, including tires. The Authorized Users as described herein shall furnish their Tax Exemption Registration number upon request.
12. **Preparation:** Vehicles must be delivered clean and complete and ready for service including a current Virginia State Inspection. New Vehicle service preparation must be performed by the Contractor according to the manufacturer's specifications. Each Vehicle must be delivered with a half (1/2) tank of gas. Vehicles

This form must be returned with response to solicitation

delivered without proper Contractor preparation must be picked up, serviced, and re-delivered by the Contractor at no additional cost to the Authorized User.

13. **Delivery Inspection:** Each Vehicle delivered will be checked for compliance with the purchase order. If any deviations from the specifications, damage, or improper Contractor preparation exist, the invoice will not be approved for payment until the Contractor corrects all defects.
14. **Preliminary invoice:** A preliminary invoice must be received at least 30 days prior to delivery to ensure prompt payment.
15. **OEM Approved Converter:** Van converter shall be ISO 9001:2015 certified for the design, manufacture and assembly of wheelchair accessible vehicles.
16. **CARB Compliance:** Vehicle as converted must be California Air Resources Board (CARB) compliant. The CARB Executive Order number must be printed on the identification label and affixed to the fuel tank.
17. **International Organization for Standardization 9001:2015:** All bidders shall be required to submit an ISO 9001:2015 supplier’s certification for the bus body manufacturer. Proof of certification shall accompany bid. Bids received without certification shall be deemed non-responsive. ISO 9001:2015 has been implemented to insure suppliers conform to strict standards regarding the manufacturer’s Quality Management System. The manufacturer’s ISO 9001:2015 certification insures compliance with the customer’s quality requirements and applicable regulatory requirements while enhancing customer satisfaction and achieving continual improvement of its performance in pursuit of these objectives.
18. **Transit Vehicle Manufacturer:** Converter must be listed as a Transit Vehicle Manufacturer. **Bidder must submit a copy (with the bid) of the FTA’s goal acceptance letter for the current fiscal year.**
19. **The bidder shall submit with bid, documentation certifying that the proposed vehicle meets all applicable Federal Motor Vehicle Safety Standard (FMVSS) Regulations. Vehicle must comply with all applicable FMVSS standards including, but not limited to and shall be included in the certification.**

FMVSS 204	FMVSS 207	FMVSS 208	FMVSS 210
FMVSS 212	FMVSS 214	FMVSS 219	FMVSS 301

20. **Capacity:** The minivan shall be capable of carrying in one trip at least three (3) ambulatory adult forward-facing seated passengers and two (2) passengers seated in mobility aids, in addition to the driver. The vehicle is convertible to at least six (6) ambulatory passengers, plus the driver, if optional (2) passenger center fold-away seat is chosen. This minivan shall be made ADA compliant through a modification whereby the vehicle floor area is lowered approximately 13” from the engine toe-pan to the rear axle to meet minimum ADA door opening height requirement (56”). There shall be no modification to any portion of the vehicle roof in meeting the ADA door opening height requirement. A 30” usable clear width manual, 80-degree (nominal) swing-away, fold-up mobility aid ramp is to be mounted vertically and inboard of the curbside passenger sliding door.
21. **Vehicle:** 2020 Model or newer minivan with side-entry fold-out ramp, with all standard features to include, but not limited to the following minimum specifications and components to be included in this BASE VEHICLE;

Item #	Feature	Description	Order/Option Code	Bidder Comments / Document Equivalence to spec
1	Base Chassis	Current Model year Chrysler Voyager or equivalent	CVBC	COMPLY

This form must be returned with response to solicitation

2	Engine	3.6 L, V-6, 24V VVT gasoline ESS (engine start/stop) engine, with push button start.	CV3.6	COMPLY
3	Gross Vehicle Weight (GVW)	The chassis shall offer a minimum GVWR of 6055#. The vehicle as converted shall not exceed the OEM chassis GVWR when fully loaded	6055GVW	COMPLY
4	Wheelbase	121" minimum	WB121	COMPLY
5	Interior Height	Conversion shall provide a minimum clearance of 60" at the vehicle center of the interior roof.	BC60HR	COMPLY
6	Body Length	Chassis shall not exceed 203.8" in length	CVSTDL	COMPLY
7	Passenger Doors	The minivan shall have standard OEM driver and passenger front doors; one manual left side and one manual right OEM side doors extended to floor level, and one OEM rear hatch. The manual left and right-side sliding doors shall be OEM and extended to floor level to provide a minimum entry height of 56". The driver side sliding door shall be equipped with a system that prevents opening of the door when the fuel door is open. The passenger side sliding mobility aid accessible entry door shall be interlocked to the vehicle transmission and offer a minimum opening height of 56", a minimum opening width of 31.5", and a maximum of 12.5" floor-to-ground height. Door extensions shall be constructed of aluminum to minimize weight while preserving strength and integrity. Both sliding doors shall have a mechanism to securely hold doors in open position when vehicle is on a hill.	BCSFD	COMPLY
8	Passenger Door Tracks	Sliding doors must have reinforced glides with an added stop brace to prevent doors from sliding off track. Door tracks shall be reinforced or strengthened beyond OEM standards as needed in all areas of contact with sliding door arms.	BCSFDT	COMPLY
9	Sliding Passenger Door Arms/Brackets	Reinforcement of the sliding door components shall at a minimum be adequate to support the increased weight created by the door extensions. Under normal closure conditions, there should be no evidence of door track flexing or wobbling.	BCSFDB	COMPLY
10	Door Locks	Power with child-protection door locks for rear doors.	CVSFDL	COMPLY
11	Rear Door Emergency Exit	The rear cargo door shall be provided with a quick release, manual override for opening the door from inside the vehicle. Capable of opening the door even if the door is locked. The vehicles override device shall be spring loaded and mounted on the inside of the rear door to prevent accidental release. A decal shall be provided showing operating instructions.	BCSFRD	COMPLY
12	Suspension	Spacers shall be added to front and rear OEM suspension to maintain ground clearance and ADA requirements. There must be a minimum of five (5) inches clearance between the break-over angle position of the vehicle exhaust pipe and level ground when loaded to capacity. Vertical damping of the suspension shall be accomplished by OEM shock absorbers that shall maintain their effectiveness for at	BCSFSS	COMPLY

This form must be returned with response to solicitation

		least standard OEM warranty period without repairs in normal service. Suspension system components shall be matched and tuned to provide maximum load capacity, ride quality, stability, and desirable steering and handling characteristics. The vehicle shall be tested to FMVSS 126 Electronic Stability Control Test..	BCSFSS	COMPLY
13	Automatic Transmission	9-speed automatic, electronically controlled with overdrive.	CVSFAT	COMPLY
14	Control Interlock	The ramp door shall be interlocked with the vehicle transmission to ensure the vehicle cannot be shifted out of park while the right-side slide door is ajar.	BCSFCE	COMPLY
15	Safety-Tec package	including: power front windows with 1 touch up and down, Blind Spot and Rear Cross Path Detection, and ParkSense Rear Park Assist with Stop.	OPTION	OPTION
16	Steering	Vehicle shall be provided with an OEM tilt steering wheel, speed control, and OEM power steering.	CVSFTS	COMPLY
17	Exhaust	The exhaust system shall be stainless steel.	BCSFSSE	COMPLY
18	Radiator and Cooling system	Radiator and cooling system shall be OEM standard, with coolant recovery system; 50-50 mixture of factory specified antifreeze and water.	CVSFRC	COMPLY
19	Fuel tank	Fuel tank shall be OEM with OEM capacity of (19) gallons minimum with cap-less fuel fill (without discriminator). Tank, fuel lines, and hardware must meet all current FMVSS, including FMVSS 301, as well as all current CARB and EPA requirements and must be OEM equivalent in connection types, etc. The use of worm clamps is limited to that of the OEM. Tank shall be calibrated with the OEM dash fuel gauge.	CVBCSFFT	COMPLY
20	Brakes	vehicle shall be equipped with 4-wheel disc brakes and a factory Anti-Lock Brake System.	CVSFALB	COMPLY
21	Parking Brake	The vehicle shall be equipped with the factory OEM electric park brake and dash warning light.	CVSFPB	COMPLY
22	Stereo	Stereo shall be OEM AM/FM stereo with integrated voice command with Bluetooth and 6 factory installed speakers, Parkview rear back-up camera, Apple Car Play, Google Android Auto, U-Connect 4 with 7" display, and integrated voice command with Bluetooth.	CVSFST	COMPLY
23	Tires and Wheels	Vehicle shall be equipped with four (4) 17" Stamped Steel wheels with wheel covers, and an OEM 17" inflatable compact spare tire kit (inflatable spare tire kit will be mounted at the OEM location in vehicle sidewall). Tires shall be 235/65R BSW All Season steel belted radials, as provided by the OEM for the chassis specified. All tires shall be of same brand manufacturer (No cross tire brands allowed). All tires and wheel assemblies shall be dynamic balanced and all tires shall be inflated to OEM recommendation pressure. Tire changing equipment, as provided by the OEM, shall include a jack of sufficient strength/capacity, and other tools necessary for changing the mounted tires, shall be stored in a	CVSFTW	COMPLY

This form must be returned with response to solicitation

		compartment/container within the vehicle.	CVSFTW	COMPLY
24	Electrical Alternator	Each vehicle shall have a 12-volt electrical charging system as supplied from the OEM. All electrical wiring shall be automotive stranded copper with printed circuit identifiers and be of sufficient gauge to handle the load. All harnesses that are modified or added to the vehicle will be secured to the frame/body at a maximum of two feet intervals with insulated clamps, or adhesive tape, etc. There shall be no wire splices inside wiring harnesses. All wires within wiring harnesses shall be full length between connections points. All exposed terminals and wiring shall be protected from the elements using sealed terminals or heat shrink where necessary. Exposed wires will be wrapped or loomed in corrosion/moisture-resistant material. Alternator shall be factory installed; heaviest duty available (180 amp minimum).	CVBCSFEL	COMPLY
25	Batteries	Vehicle shall be equipped with the OEM 12-volt dual battery system. Battery cables and connectors shall be OEM (battery 1: 650 cca, battery 2 (start/stop battery): 200 cca).	CVSFBT	COMPLY
26	Line Protection	All metal, plastic, and rubber fluid lines beneath the vehicle that are altered or exposed as a result of floor modification shall be secure and protected from road damage. Any fuel and brake line modification/alteration must be of OEM equivalent material or workmanship. Straightening and re-bending OEM brake or fuel lines is strictly prohibited.	BCSFBL	COMPLY
27	Interior Lighting	LED lower lighting shall be added at the center row location of the vehicle that provides not less than two foot-candles of illumination at the entrance area. This system shall illuminate automatically when the vehicle front or sliding doors are open. All accessory vehicle lighting shall conform to ADA 49 CFR, Part 38, Subpart B.	BCSFADAL	COMPLY
28	Front and Rear Heating and Air Conditioning	An OEM heating/defrosting and air conditioning system with vents <u>front and rear</u> shall be provided. All lines and hoses shall be sufficiently fastened, protected, and insulated to ensure against wear from friction and the elements. The lines must be mechanically attached, with OEM or equivalent clamps, to the vehicle structure and must be routed so as not to be exposed to wheel spray. Cold feed lines shall not pass within 2 inches of any part of the exhaust system. Conversion shall not impede access to front and rear air conditioning components.	CBHVAC	COMPLY
29	Vehicle body	Conversion of a minivan by modifying the existing sidewalls and floor shall require the construction that maintains OEM structural equivalent. All welding of components shall be performed by AWS certified welders, assembly operations performed by qualified	BCSFVB	COMPLY

This form must be returned with response to solicitation

		operators, and made corrosion resistant through a commercial primer application or through the use of stainless steel or aluminum material.	BCSFVB	COMPLY
30	Lettering / Graphics	The agency name and phone number of the van owner/operator will be applied to both sides and the rear of the van with seven-year transit vinyl. If the agency has a logo, it will be included on both sides of the van.	SMSFVG	COMPLY
31	Paint	The basic vehicle factory color shall be OEM standard bright white.	CVSW	COMPLY
32	Interior Panels	The basic interior color shall be OEM gray, with gray (upper) and black (lower) ABS form fitted plastic panels. Panel fastening devices shall match the color of the panels. Interior panels shall meet FMVSS 302. The interior shall provide a pleasant atmosphere, be aesthetically pleasing, and contain smooth finishes without any unprotected sharp edges.	CVSFIP	COMPLY
33	Ground Effects (side entry conversion):	Flares shall be constructed of formed TPO plastic; color black. A molded step shall be incorporated into the driver and passenger front flares to aid entry and egress via the front doors. Beneath the flare's molded step surface shall be a steel support structure capable of supporting 400 lbs. with less than 1/8" deflection, which fastens directly to the vehicle's body structure. The flare's molded step surface shall have a minimum clear horizontal width of 4.5", a minimum length of 26", and utilize an anti-skid material which defines the step surface.	BCSFGE	COMPLY
34	Flooring	<p>Sub Floor: The interior floor shall be thermoplastic panels, consisting of a polypropylene honeycomb core with chopped glass reinforced facing on both sides – providing a durable water-resistant base with superior strength to weight ratio. The panels provide a smooth surface for flooring attachment and minimize interior noise.</p> <p>Floor Covering Material: Minimum 2.2 mm thick commercial grade vinyl transit floor covering shall cover the entire floor surface. Flooring should also possess anti-skid properties (Gerflor Tarabus Sirius or equivalent).</p> <p>Floor Assembly: The lowered floor skin shall be constructed of a minimum 20 ga. Aluminized steel. The frame rails shall be made of a minimum 14 ga. Aluminized Steel formed channels; the floor shall be reinforced with a minimum 16 ga. Aluminized Steel formed channel cross members. The floor shall be lowered from the front toe-pan to the rear axle. The width of the floor shall extend from side doorsill to side doorsill.</p>	BCSFF	COMPLY

This form must be returned with response to solicitation

		Mobility aid restraint tracks and seat locks shall be beveled, with no sharp edges and will protrude no more than ¼" above floor surface.	BCSFF	COMPLY
35	Sealant, Rustproofing, and Undercoating	All exposed floor seams shall be sealed with an industrial grade butyl sealant or equivalent which conforms to ASTM C920. The entire surface of exterior lowered floor shall have a rust inhibiting coating, such as an epoxy primer base, applied to cover all welded areas, and then a fresh application of undercoating over the entire surface. Undercoating shall comply with current Federal and State flammability standards.	BCSFRU	COMPLY
36	Seats and Grab Handles	<p>All seats and restraints in the vehicle as specified must comply with current FMVSS standards.</p> <p>Front Seats: The driver seat will be OEM and mounted to the vehicle floor. The OEM front passenger seat shall be equipped to easily lock/unlock from the floor and permit easy roll out for mobility aid access/securement.</p> <p>Rear Seat: The third row 3-passenger bench seat shall be the OEM seat, remounted to be capable of accommodating 3 adult passengers, and is to be covered with OEM upholstery to match the driver and front passenger seats. A manually operated one-piece lighted footrest will be installed for increased comfort of rear bench seat passengers.</p> <p>Passenger Restraint: Restraints shall be furnished for all passengers, consisting of shoulder seatbelts and/or lap belts. Each belt shall be equipped with an automatic retractor. Securement devices, both for ambulatory and mobility aid passengers, shall meet all State and Federal Standards.</p> <p>Grab Handles: Grab handles shall be installed, OEM are acceptable.</p>	CVBCSFS	COMPLY
37	Mobility Aid/Occupant Restraint Systems	Each vehicle shall be equipped with one (1) Q-Strait "M" series forward facing mobility aid securement and occupant restraint system. The system shall utilize flanged "L" continuous track, capable of securing a variety of common mobility aid designs and accommodate a wide range of occupant sizes. All attachment hardware and anchorages shall meet or exceed the 30 mph/20 g Impact Test criteria per SAE J2249, 36 CFR Part 1192 and CFR Part 38, and all applicable Federal Motor Vehicle Safety Standards, as amended. Each securement position system shall consist of four (4) adjustable securement strap	BCQSSFMA	COMPLY

This form must be returned with response to solicitation

		assemblies that attach to the structural frame of the mobility aid at four separate points and anchor into the track on the vehicle floor at four separate points. Each securement system shall have a corresponding occupant restraint system. The occupant restraint system shall consist of an adjustable lap and a shoulder belt and shall meet all applicable Federal Motor Vehicle Safety Standards.	BCQSSFMA	COMPLY
38	Mobility Aid Ramp	The vehicle shall be equipped with a manually operated, 80-degree (nominal) swing-away mobility access ramp which stows vertically and folds and unfolds through the passenger side slide door. The ramp swings out to provide unobstructed ambulatory passenger entry/exit. The installed ramp shall not obstruct the view of the driver through any vehicle window. When clock-spring assisted ramp is deployed, it shall provide a minimum usable width of 30" and a slope meeting the requirements of ADA, 49 CFR. The ramp walking surface shall be continuous and skid resistant coated, such that a 200 pound wheelchair may be safely pushed up the ramp when the ramp surface is wet. Skid resistance shall be permanently embedded in the ramp surface through powder coating or equivalent bonding method. It shall have no protrusions from the surface greater than 1/4" and shall accommodate both four-wheel and three-wheel mobility aids. The ramp shall have a rated capacity of a minimum 1,000 lbs., with a safety factor of at least three (3) based on the ultimate strength of the material. Each side of the ramp shall have protective barriers at least two (2) inches high to prevent mobility aids from rolling off the ramp edge.	BCSFMAR	COMPLY
39	Safety and First Aid	The following safety equipment shall be mounted in an appropriate location within the vehicle so as not to interfere with driver or passengers. <ul style="list-style-type: none"> - 5# Fire Ext. - Std Virginia First Aid Kit - Triangle Flare Kit - Body Fluid Clean-up Kit 	BCSFFAE	COMPLY
40	Doors - Keys	Keys and locks for all keyed doors shall be supplied. All doors shall be properly sealed to prevent entry of air drafts and water into vehicle interior, including spray from commercial vehicle wash equipment and driven rain. Materials used for weather seals shall be designed to withstand varying temperature extremes, road splash, salt and other exterior elements without cracking, leaking, loosening or deteriorating.	CVBCSFDK	COMPLY
41	License Brackets	To be installed on front and rear of vehicle.	CVSFLB	COMPLY
42	Front End Alignment	Prior to delivery of the finished vehicle, vendor shall complete a front-end alignment.	SMISFFEA	COMPLY
43	Maintenance Provisions & Delivery	A description of how and by whom warranty service can be provided shall be included with bid package. The vendor shall be responsible for all warranties associated with the vehicle. The vendor shall act as the first source for performing warranty work. This must	UPLOADED TO EVA	COMPLY

		<p>cover both mechanical and body work. The manufacturer's warranty covering parts, materials and workmanship shall apply for a minimum period of 12 months or 12,000 miles, whichever occurs first, and this warranty shall include repair and replacement of defective parts and labor. The successful vendor shall be required to offer a toll-free number to all recipients for warranty inquiries, parts orders and service related questions. The vendor shall have personnel available to answer warranty, parts, and service inquiries Monday Through Friday, 8 A.M. to 5 P.M., except during holidays recognized by the Commonwealth of Virginia. The vendor shall respond to warranty, parts, and service inquiries and offer a reasonable initial plan to address such inquiries within 24 hours of call receipt or the next business day, whichever is later, via phone or email.</p> <p>All Bidders shall offer proof of warranty of both chassis and body warranty (including bus body, air conditioning and wheelchair ramp) service points within the Commonwealth of Virginia. All Bidders shall be required to submit documentation providing the names of the vendors.</p> <p>Successful vendor shall be required to maintain service facilities in the following geographic areas: Central/Southwest Virginia, Tidewater, Richmond and Northern Virginia.</p> <p>Prior to delivery the vendor shall perform new vehicle service preparation. The vendor shall provide the Department of Rail and Public Transportation (DRPT) staff five working days notices prior to delivery to inspect the vehicles. The vehicle shall be in acceptable condition upon delivery and will be accepted only by an authorized person designated by the agency.</p> <p>Delivery shall be during normal business hours, i.e. 8 A.M. - 5 P.M., Monday through Friday. Payment will not be initiated until the agency is assured that the vehicle has been delivered in an acceptable condition and everything is working properly. All vehicles shall have 30-day tags on delivery to recipient.</p>	<p>UPLOADED TO EVA</p>	<p>COMPLY</p>

OPTIONAL EQUIPMENT

(Add-ons to the Base Vehicle described above. Unavailability of an optional item does not affect meeting the above base vehicle specifications requirements.)

Note: Optional equipment shall be priced, if available. If an optional item is not available, the bidder shall indicate N/A in the "option order code" column. If an option item is standard equipment on the vehicle the bidder shall indicate "Standard Included" in the "option order code" column. The optional equipment will not be considered a factor in the bid evaluation for the base vehicle. .

Description of final assembly activities detailed on following attachment.

Signature: 

Title: Commercial Vehicle Inside Sales Senior Manager

Date: 11/10/2020

Description of final assembly activities:

- (a) Strip Out - Removal of the front and rear seating components, interior wall and door panels, and all carpeting.
- (b) Seat Re-Engineering & Modifications - Remanufactured to be easily removable for wheelchair access and to permit access to a kneeling system linear actuator and a proprietary vehicle slide door/ramp controller.
- (c) Subsystem Re-Engineering & Modifications - Install new longer, reconfigured rear brake, fuel, heat, and air conditioning and fuel lines.
- (d) Fuel Tank System Re-Engineering & Modifications - Removal of the original fuel tank and charcoal canister from its mid-vehicle location, rotated, relocated, and reinstalled to aft of the rear axle location. The original fuel fill pipe assembly is removed and discarded and a new, reconfigured fuel pipe assembly is installed to meet the relocated and rotated fuel tank.
- (e) Fabrication of Lowered Floor Unit Body - Fabrication of a new low floor unit body.
- (f) Floor Re-Engineering & Modifications - Removal of the Original Equipment Manufacturer (OEM) floor and undercarriage from the toe pan to the rear axle, adding of a new aft rear axle fuel tank support structure, a new kneeling system actuator housing and structure, a new spare tire/storage tub, and

a new lowered floor structure, and various body work to accommodate the new lowered floor structure.

- (g) Exhaust Re-Engineering & Modifications - Removal of the heat shields, and installing a new reconfigured exhaust pipe, hanger, brackets and muffler.
- (h) Engine/Transmission/Front Suspension Assembly Modifications - Disconnection from the vehicle and removed but with the engine lines and hoses left attached. Modifications are made to the engine/transmission/front suspension assembly, such as adding various types of spacing brackets, custom steering shaft extension, and two engine cradle safety bracket tube extensions. The engine/transmission/front suspension assembly is then reinstalled. In addition, a CARB compliant fuel system is installed, and the exhaust system and heat shields are installed as well.
- (i) Slide Door Re-Engineering & Modifications - Removal of the slide doors and modifications made to accommodate a lowered floor/wheelchair ramp entrance. The doors are then reinstalled.
- (j) Rear Axle & Suspension Re-Engineering & Modifications - Removal, modifications done to the sway bar mounting, and coil spring mounts, addition of a kneel chain bracket, and reinstallation of rear axle.
- (k) Flooring & Walls - Installation of a marine grade flooring substrate and covering and carpet or plastic panels with carpeted inserts. Walls are covered with new interior panels and trims.
- (l) Rear Bumper Re-Engineering & Modifications - Involves removal of the rear bumper, reinforcing the rear bumper, and reinstalling it.
- (m) Wiring Re-Engineering & Modifications - Reconfiguration of the seating systems and airbag systems, and modifications to accommodate the wheelchair ramp system, slide door operation, kneel function, and other accessibility modifications.
- (n) Ramp - Installation of the manual or power wheelchair ramps.
- (o) Paint & Undercoat - Newly installed components are painted and the entire floor is undercoated.
- (p) Miscellaneous - Among other things, the vehicle is inspected, weighed and recertified by The Braun Corporation.
- (q) Road Test
- (r) Final Wash
- (s) Final Inspection
- (t) Final repairs

9. Maintenance28

9.1. General Information.....28

9.2. Where To Go For Maintenance28

1. Your Legal Rights Under These Limited Warranties

The warranties contained in this booklet are the only express warranties that FCA US LLC ("FCA US") makes for your vehicle. **These warranties give you specific legal rights. You may also have other rights that vary from state to state.** For example, you may have some implied warranties, depending on the state where your vehicle was sold or is registered.

These implied warranties are limited, to the extent allowed by law, to the time periods covered by the express written warranties contained in this booklet.

If you use your vehicle primarily for business or commercial purposes, then these implied warranties do not apply and FCA US LLC completely disclaims them to the extent allowed by law. And the implied warranty of fitness for a particular purpose does not apply if your vehicle is used for racing, even if the vehicle is equipped for racing.

Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you.

1.1. Incidental And Consequential Damages Not Covered

Your warranties do not cover any incidental or consequential damages connected with your vehicle's failure, either while under warranty or afterward.

Examples of such damages include:

- Lost time
- Inconvenience
- The loss of the use of your vehicle
- The cost of rental vehicles, gasoline, telephone, travel, or lodging
- The loss of personal or commercial property

Some states do not allow incidental or consequential damages to be excluded or limited, so this exclusion may not apply to you.

2. What Is Covered Under FCA US LLC's Warranties

2.1. Basic Limited Warranty

A. Who Is Covered

You are covered by the Basic Limited Warranty if you are a purchaser for use of the vehicle.

B. What Is Covered

The Basic Limited Warranty covers the cost of all parts and labor needed to repair any item on your vehicle when it left the manufacturing plant that is defective in material, workmanship or factory preparation. There is no list of covered parts since the only exception are tires and headlamps. You pay nothing for these repairs. These warranty repairs or adjustments — including all parts and labor connected with them — will be made by an authorized dealer at no charge, using new or remanufactured parts.

C. Items Covered By Other Warranties

The following are covered by separate warranties offered by their makers. They are **not covered** by the Basic Limited Warranty:

- Tires
 - Headphones
 - Items added or changed after your vehicle left the manufacturing plant, such as accessories or protection products, or items changed because of customization or van conversion
- Be sure you get a copy of any warranty that applies to these items from the manufacturer of the product.

D. Towing Costs Are Covered Under Certain Circumstances

Roadside Assistance covers the cost of towing your vehicle to the nearest Chrysler, Dodge, Jeep®, or Ram dealer if your vehicle becomes disabled as a result of a mechanical breakdown. If you choose to go to another dealership, you will be responsible for the cost if the extra distance exceeds 10 miles. See "section 6.2" for information on how to get towing service in the United States and Canada.

E. When It Begins

The Basic Limited Warranty begins on either of the following dates, whichever is earlier:

- The date you take delivery of the vehicle.
- The date when the vehicle was first put into use — for example, as a dealer “demo” or as a FCA US LLC company vehicle.

F. When It Ends

The Basic Limited Warranty lasts for 36 months from the date it begins or for 36,000 miles on the odometer, whichever occurs first. But the following items are covered only for 12 months or for 12,000 miles on the odometer, whichever occurs first:

- Brakes (rotors, pads, linings, and drums)
- Bulbs
- Clutch Discs or Modular Clutch Assembly (if equipped)
- Wheel Alignment and Wheel Balancing
- Windshield and Rear Window
- Wiper Blades

G. Registration And Operation Requirements

The Basic Limited Warranty covers your vehicle only if:

- The vehicle was built for sale in the US.
- The vehicle is registered in the US.
- The vehicle is driven mainly in the US or Canada.
- The vehicle is operated and maintained in the manner described in your Owner’s Manual.

H. If Your Vehicle Leaves The United States, Including United States Possessions And Territories As Part Of The United States For Warranty Purposes

EXCEPT WHERE SPECIFICALLY REQUIRED BY LAW, THERE IS NO WARRANTY COVERAGE FOR THIS VEHICLE IF IT IS SOLD OR REGISTERED OUTSIDE OF THE UNITED STATES.

This policy does not apply to vehicles that have received authorization for export from FCA US LLC. Dealers may not give authorization for export. You should consult an authorized dealer to determine this vehicle’s warranty coverage if you have any questions.

This policy does not apply to vehicles registered to US government officials or military personnel on assignment outside of the United States.

2.2. Corrosion Warranty

A. Who Is Covered

You are covered if you are a purchaser for use of the vehicle.

B. What Is Covered

This warranty covers the cost of all parts and labor needed to repair or replace any sheet metal panels that get holes from rust or other corrosion. If a hole occurs because of something other than corrosion, this warranty does not apply. Cosmetic or surface corrosion — resulting, for example, from stone chips or scratches in the paint — is not covered. For more details on what is not covered by this warranty, refer to “section 3.5”.

C. How Long It Lasts

The Corrosion Warranty starts when your Basic Limited Warranty begins under “section 2.1 E”.

This warranty has two time-and-mileage limits:

- For sheet metal panels, the limit is 36 months, with no mileage limit.
- For an outer-body sheet metal panel — one that is finish-painted and that someone can see when walking around the vehicle — the limits are five years or unlimited miles on the odometer.

D. What Is Not Covered

Please note that while the standard Corrosion Limited Warranty applies to defects in material and/or workmanship, it does not cover the vehicle's matte finish appearance (if equipped).

Maintaining the matte finish appearance is solely the responsibility of the vehicle owner as described in your Owner's Information.

2.3. Restraint System Limited Warranty, Vehicles Sold And Registered In The State Of Kansas Only

For vehicles sold and registered in the State of Kansas, seat belts and related seat belt components are warranted against defects in workmanship and materials for 10 years, regardless of mileage. This warranty does not cover replacement of seat belts and related components required as the result of collision.

2.4. Powertrain Limited Warranty

A. Who Is Covered

You are covered by the Powertrain Limited Warranty if you are a purchaser for use of the vehicle.

B. What Is Covered

The Powertrain Limited Warranty covers the cost of all parts and labor needed to repair a powertrain component listed in "section 2.4 E" below that is defective in workmanship and materials.

C. How Long It Lasts

The Powertrain Limited Warranty lasts for up to five years or 60,000 miles on the odometer, whichever occurs first, calculated from the start date of the Basic Limited Warranty, as set forth in "section 2.1 E".

D. Towing Costs Are Covered

Roadside Assistance covers the cost of towing your vehicle to the nearest authorized Chrysler, Dodge, Jeep or Ram dealer if your vehicle cannot be driven because a covered part has failed.

If you choose to go to another dealership, you will be responsible for the cost if the extra distance exceeds 10 miles. Refer to "section 6.2" for information on how to get towing service in the United States and Canada.

E. Parts Covered

The Powertrain Limited Warranty covers these parts and components of your vehicle's powertrain supplied by FCA US LLC:

NOTE:

MANUAL TRANSMISSION CLUTCH PARTS ARE NOT COVERED UNDER THE POWERTRAIN LIMITED WARRANTY

Gasoline Engine:

Cylinder block and all internal parts; cylinder head assemblies; timing case, timing chain, timing belt, gears and sprockets; vibration damper; oil pump; water pump and housing; intake and exhaust manifolds; flywheel with starter ring gear; core plugs; valve covers; oil pan; turbocharger housing and internal parts; turbocharger wastegate actuator; supercharger; serpentine belt tensioner; seals and gaskets for listed components only.

Transmission:

Transmission case and all internal parts; torque converter; drive/flex plate; transmission range switch; speed sensors; pressure sensors; transmission control module; bell housing; oil pan; seals and gaskets for listed components only.

Front Wheel Drive (FWD):

Transaxle case and all internal parts; axle shaft assemblies; constant velocity joints and boots; differential cover; oil pan; transaxle speed sensors; transaxle solenoid assembly; PRNDL position switch; transaxle electronic controller; torque converter; seals and gaskets for listed components only.

All Wheel Drive (AWD):

Power transfer unit and all internal parts; viscous coupler; axle housing and all internal parts; constant velocity joints and boots; driveshaft and axle shaft assemblies; differential carrier assembly and all internal parts; output ball bearing; output flange; end cover; overrunning clutch; vacuum motor; torque tube; pinion spacer and shim, seals and gaskets for listed components only.

Rear Wheel Drive (RWD):

Rear axle housing and all internal parts; axle shafts; axle shaft bearings; drive shaft assemblies; drive shaft center bearings; universal joints and yokes; seals and gaskets for listed components only.

Four Wheel Drive (4WD):

Transfer case and all internal parts; transfer case control module and shift mode motor assembly; axle housing and all internal parts; axle shafts; axle shaft bearings; drive shaft assemblies (front and rear); drive shaft center bearings; universal joints and yokes; disconnect housing assembly; seals and gaskets for the listed components only.

F. Other Provisions Of This Powertrain Limited Warranty

All other terms of the New Vehicle Limited Warranty including "section 1" (Your Legal Rights Under These Limited Warranties) and "section 3" (What Is Not Covered) apply to this Powertrain Limited Warranty.

3. What Is Not Covered

3.1. Modifications Not Covered

A. Some Modifications Do Not Void The Warranties But Are Not Covered

Certain changes that you might make to your vehicle do not, by themselves, void the warranties described in this booklet. Examples of some of these changes are:

- Installing non-FCA US LLC parts, components, or equipment (such as a non-FCA US LLC radio or speed control).
- Using special non-FCA US LLC materials or additives.
- Modifying the front bumper, vehicle body structure, or adding aftermarket side steps or running boards.
- Replacing windshields on vehicles equipped with Advanced Driver Assist Systems with non-FCA US LLC genuine parts.
- Using aftermarket collision parts.
- Attaching or installing any aftermarket accessories, including transparent material (e.g. glass tinting) or aftermarket grilles.

Your warranties do not cover any part that was not on your vehicle when it left the manufacturing plant or is not certified for use on your vehicle. Nor do they cover the costs of any repairs or adjustments that might be caused or needed because of the installation or use of non-FCA US LLC parts, components, equipment, materials, or additives.

NOTE:

Non-FCA US LLC parts can also impact downstream or other related safety systems.

Performance or racing parts are considered to be non-FCA US LLC parts. Repairs or adjustments caused by their use are not covered under your warranties.

Examples of the types of alterations not covered are:

- Installing accessories — except for genuine FCA US LLC/MOPAR® accessories installed by an authorized Chrysler, Dodge, Jeep or Ram dealer.
- Applying rustproofing or other protection products.
- Changing the vehicle's configuration or dimensions, such as converting the vehicle into a limousine or food service vehicle.
- Using any refrigerant that FCA US LLC has not approved.

B. Modifications That Will Void Your Warranties

These actions will void your warranties:

- Disconnecting, tampering with, or altering the odometer will void your warranties, unless your repairing technician follows the legal requirements for repairing or replacing odometers.
- Attaching any device that disconnects the odometer will also void your warranties.

3.2. Environmental Factors Not Covered

Your warranties do not cover damage caused by environmental factors such as airborne fallout, bird droppings, insect damage, chemicals, tree sap, salt, ocean spray, acid rain, and road hazards. Nor do your warranties cover damage caused by hailstorms, windstorms, tornadoes, sandstorms, lightning, floods, and earthquakes.

Your warranties do not cover conditions resulting from anything impacting the vehicle. This includes cracks and chips in glass, scratches and chips in painted surfaces, or damage from collision.

3.3. Maintenance Costs Not Covered

Your warranties do not cover the costs of repairing damage caused by poor or improper maintenance. Nor do they cover damage caused by the use of contaminated fuels, or by the use of fuels, oils, lubricants, cleaners or fluids other than those recommended in your Owner's Manual.

The warranties do not cover the costs of your vehicle's normal or scheduled maintenance—the parts and services that all vehicles routinely need. Some of these parts and services, which your warranties do not cover, include:

- Lubrication
- Engine tune-ups
- Replacing filters, coolant, spark plugs, bulbs, or fuses (unless those costs result from a covered repair)
- Cleaning and polishing
- Replacing worn wiper blades, worn brake pads and linings, or clutch linings

3.4. Racing Not Covered

Your warranties do not cover the costs of repairing damage or conditions caused by racing, nor do they cover the repair of any defects that are found as the result of participating in a racing event.

3.5. Certain Kinds Of Corrosion Not Covered

Your warranties do not cover the following:

- Corrosion caused by accident, damage, abuse, or vehicle alteration.
- Surface corrosion caused by such things as industrial fallout, sand, salt, hail, ocean spray, and stones.
- Corrosion caused by the extensive or abnormal transport of caustic materials like chemicals, acids, and fertilizers.
- Corrosion of special bodies, body conversions, or equipment that was not on your vehicle when it left the manufacturing plant or was not supplied by FCA US LLC.

3.6. Other Exclusions

Your warranties do not cover the costs of repairing damage or conditions caused by any of the following:

- Fire or accident
- Abuse or negligence
- Misuse—for example, driving over curbs or overloading
- Tampering with the emission systems, or with a part that could affect the emission systems
- Use of used parts, even if they were originally supplied by FCA US LLC however, authorized FCA US LLC/Mopar remanufactured parts are covered
- Windshield or rear window damage from external objects
- Any changes made to your vehicle that do not comply with FCA US LLC
- Using any fluid that does not meet the minimum recommendations in your Owner's Manual

3.7. Total Loss, Salvage, Junk, Or Scrap Vehicles Not Covered

A vehicle has no warranty coverage of any kind if:

- The vehicle is declared to be a total loss by an insurance company.
- The vehicle is rebuilt after being declared a total loss by an insurance company.
- The vehicle is issued a certificate of title indicating that it is designated as "salvage", "junk", "rebuilt", "scrap," or some similar word.

FCA US LLC will deny warranty coverage without notice if it learns that a vehicle is ineligible for coverage for any of these reasons.

3.8. Restricted Warranty

FCA US LLC may restrict the warranty on your vehicle if the vehicle is not properly maintained, or if the vehicle is abused or neglected, and the abuse or neglect interferes with the proper functioning of the vehicle. If the warranty is restricted, coverage may be denied or subject to approval by FCA US LLC before covered repairs are performed.

4. Other Terms of Your Warranties

4.1. Exchanged Parts May Be Used In Warranty Repairs

In the interest of customer satisfaction, FCA US LLC may offer exchange service on some vehicle parts. This service is intended to reduce the amount of time your vehicle is not available for your use because of repairs. Parts used in exchange service may be new, remanufactured, reconditioned, or repaired, depending on the part involved.

All exchange parts that might be used meet FCA US LLC standards, and have the same warranties as new parts.

Examples of the kinds of parts that might be serviced in this way are:

- Engine Assemblies
- Transmission Assemblies
- Instrument Cluster Assemblies
- Radios, CD and DVD Players
- Speedometers
- Powertrain Control Module (PCM)

To help control suspected ozone-depleting agents, the Environmental Protection Agency (EPA) requires the capture, purification, and reuse of automotive air conditioning refrigerant gases. As a result, a repair to the sealed portion of your air conditioning system may involve the installation of purified reclaimed refrigerant.

4.2. Pre-Delivery Service

A defect in or damage to the mechanical, electrical, sheet metal, paint, trim, and other components of your vehicle may have occurred at the factory or while it was being shipped to an authorized dealer.

Such a defect or damage is usually detected and corrected at the factory. In addition, dealers must inspect each vehicle before delivery. They repair any defects or damage detected before the vehicle is delivered to you.

4.3. Production Changes

Changes may be made in vehicles sold by FCA US LLC and their authorized dealers at any time without incurring any obligation to make the same or similar changes on vehicles previously built or sold.

5. Emission Warranties Required By Law

5.1. Federal Emission Warranty

A. Parts Covered For Two Years Or 24,000 Miles

Federal law requires FCA US LLC to warrant the following emissions parts for two years or 24,000 miles, whichever occurs first. FCA US LLC covers all of these parts under the Basic Limited Warranty for three years or 36,000 miles, whichever occurs first.

- Air System Controls
- Electronic Fuel Injection System (including injectors)
- Evaporative-Emission Canister and Controls
- Exhaust Manifold
- Exhaust Gas Recirculation (EGR) Valve and Control System
- Exhaust Pipes (between exhaust manifold and catalyst)
- Fuel Cap and Tank Assembly, Pump, and Fuel Lines
- Ignition System
- Intake Manifold
- On-Board Diagnostic-System Components
- Oxygen Sensors
- Positive Crankcase-Ventilation (PCV) Valve or Orifice
- Secondary Ignition Wires
- Spark Plugs
- Throttle Body
- Transmission Control Module (TCM)
- Vacuum Hoses, Clamps, and Fittings (as well as tubing used for these components)
- Vacuum, Temperature, Altitude, Speed, Time-Sensitive Valves, Sensors, and Switches (used in these components and systems)

B. Parts Covered For Eight Years Or 80,000 Miles

If your vehicle has one of the following parts, this Federal Emission Warranty covers that part for a period of eight years or 80,000 miles, whichever occurs first, calculated from the start of the Basic Limited Warranty as set forth in "section 2.1 E". The covered parts are:

- Catalytic Converter
- Powertrain Control Module (PCM)

5.2. Emission Performance Warranty

The Emission Performance Warranty supplements the federal warranty under "section 5.1". It lasts for two years or 24,000 miles on the odometer, whichever occurs first. If your vehicle has one of the following parts: catalytic converter or Powertrain Control Module (PCM), the Federal Emission Warranty covers that part for a period of eight years or 80,000 miles, whichever occurs first. These limits are counted from the time when your Basic Limited Warranty begins under

"section 2.1 E". The Emission Performance Warranty covers the cost of repairing or adjusting any components or parts that might be needed for your vehicle to pass Federal Emission Standards for a federally approved state or local emissions test, but only if:

- Your vehicle has failed a federally approved state or local emissions test.
- Your vehicle has been maintained and operated properly up until it fails such a test.

- You face a real penalty — for example, a fine or the loss of the use of your vehicle — because the vehicle has failed the test.

Refer to "section 6.4" (Getting Service Under The Federal Emission Performance Warranties) for further information on how to get service under this warranty.

6. How To Get Warranty Service

6.1. Where To Take Your Vehicle

A. In The United States, We Include US Possessions And Territories As Part Of The United States For Warranty Purposes

Warranty service must be done by an authorized Chrysler, Dodge, Jeep or Ram dealer. We strongly recommend that you take your vehicle to your selling dealer. They know your vehicle best, and are most concerned that you get prompt and high quality service. If you move within the United States, warranty service may be requested from any authorized Chrysler, Dodge, Jeep or Ram dealer.

B. In Canada And Mexico

If you are traveling temporarily in Canada or Mexico, and your vehicle remains registered in the United States, your FCA US LLC warranty still applies. Service may be requested at any authorized Chrysler, Dodge, Jeep or Ram dealership.

C. In A Foreign Country Outside Of North America

If you are traveling temporarily outside of North America, and your vehicle remains registered in the United States:

- You should take your vehicle to an authorized Chrysler, Dodge, Jeep or Ram dealer. They should give you the same warranty service you receive in the United States.
- If the authorized dealership charges you for repairs which you feel should be covered under your warranty, please get a detailed receipt for the work done. Make sure that this receipt lists all warranty repairs and parts that were involved. This receipt will be similar to the one used by the authorized dealer who normally services your vehicle.
- When your vehicle returns to the United States, contact the FCA US LLC Customer Assistance Center "section 7.2" for reimbursement consideration. You will normally need to provide a copy of the receipt, your vehicle registration and any other relevant documents.
- Reimbursement will not be considered if the vehicle does not return to the United States.

D. If You Move

If you move to another country, be sure to contact the FCA US LLC Customer Assistance Center "section 7.2" and the customs department of the destination country before you move. Vehicle importation rules vary considerably from country to country. You may be required to present documentation of your move to FCA US LLC in order to continue your warranty coverage. You may also be required to obtain documentation from FCA US LLC in order to register your vehicle in your new country.

E. Notice

If your vehicle is registered outside of the United States, and you have not followed the procedure set out above, your vehicle will no longer be eligible for warranty coverage of any kind. Vehicles registered to United States government officials or military personnel on assignment outside of the US will continue to be covered.

6.2. How To Get Roadside Assistance Service - US Or Canada Only *

A. Who Is Covered

You are covered by the Roadside Assistance services if you are a purchaser for use of the vehicle. The Roadside Assistance services lasts for five years or 60,000 miles on the odometer, whichever occurs first, calculated from the start date of the Basic Limited Warranty, as set forth in "section 2.1 E".¹

B. What To Do

If your vehicle requires jump start assistance, out of gas/fuel delivery, tire service, lockout service or towing as a result of a mechanical breakdown, call 800-521-2779 for assistance.

Provide your name, Vehicle Identification Number (VIN), license plate number, and your location, including the telephone number from which you are calling. Briefly describe the nature of the problem and answer a few simple questions.

1. * Towing services provided through Cross Country Motor Club, Inc., Medford, MA 02155, except in AK, CA, HI, OR, WI, and WY, where services are provided by Cross Country Motor Club of California, Inc., Medford, MA 02155.

You will be given the name of the service provider and an estimated time of arrival. If you feel you are in an "unsafe situation", please let us know. With your consent, we will contact local police or safety authorities.

C. Covered Services:

Flat Tire Service

If you are inconvenienced by a flat tire, we will dispatch a service provider to use your vehicle's temporary spare tire (if equipped) as recommended in your Owner's Manual. This is not a permanent flat tire repair.

Out of Gas/Fuel Delivery

Drivers cannot always count on a gas station being nearby, especially when traveling away from home. We will dispatch a service provider to deliver a small amount of fuel (maximum two gallons) to get you to a nearby station.

Battery Jump Assistance

No time is a good time for a depleted battery, but with Roadside Assistance, you do not have to worry about being stranded. We will dispatch a service provider to provide you with a battery jump any time, day or night.

Lockout Service

Whether the keys are locked in your vehicle or frozen locks are keeping you from getting on your way, Roadside Assistance can assist you. This service is limited to providing access to the vehicle's seating area. It does not cover the cost of replacement keys.

Towing Service

Our towing service gives you peace of mind and confidence. If your vehicle becomes disabled as a result of a mechanical breakdown, Roadside Assistance will dispatch towing service to transport your vehicle to the closest authorized Chrysler, Dodge, Jeep or Ram dealer. If you choose to go to another dealership, you will be responsible for the cost if the extra distance exceeds 10 miles.

D. If Unable To Contact Roadside Assistance:

If you are unable to contact Roadside Assistance and you obtain towing services on your own, you may submit your original receipts from the licensed towing or service facility, for services rendered within 30 days of the occurrence. Be sure to include your Vehicle Identification Number (VIN), odometer mileage at the time of service and current mailing address. We will process the claim based on vehicle and service eligibility. If eligible, we will reimburse you for the reasonable amounts you actually paid, based on the usual and customary charges for that service in the area where they were provided. FCA US LLC's determination relating to reimbursement are final. Correspondence should be mailed to:

FCA US LLC Roadside Assistance

P.O. Box 9145

9145 Medford, MA 02155

Attention: Claims Department

6.3. Emergency Warranty Repairs

If you have an emergency and have to get a warranty repair made by someone other than an authorized Chrysler, Dodge, Jeep or Ram dealer, follow the reimbursement procedure in "section 6.1 C".

6.4. Getting Service Under The Federal Emission Performance Warranties**A. What To Do**

If your vehicle has failed an emissions test described in "section 5.2":

- Take it to an authorized Chrysler, Dodge, Jeep or Ram dealer as soon as possible.
- Give the service representative the printout showing that your vehicle failed the test.
- If possible, bring all service receipts, maintenance logs, and records proving that your vehicle has been properly maintained, since you may be required to show them.

B. Further Steps You Can Take, And How To Get More Information

If you think your authorized dealer has wrongly denied you emission warranty coverage, follow the steps described in “section 7.1.” FCA US LLC will reply to you in writing within 30 days after receiving your complaint (or within the time limit required by local or state law). If the owner is not notified within 30 days that an emission warranty claim is denied, the manufacturer must repair the vehicle free of charge.

If you want more information about getting service under the Federal Emission Warranty or the Performance Warranty, or if you want to report what you think is a violation of these warranties, you can contact:

Manager, Certification and Compliance

Division Warranty Claims

Environmental Protection Agency

1200 Pennsylvania Avenue, NW

Mail Code 6403J

Washington, D. C. 20460

7. How To Deal With Warranty Problems

7.1. Steps To Take

A. In General

Normally, warranty problems can be resolved by your authorized dealer's sales or service departments. That is why you should always talk to your authorized dealer's service manager or sales manager first. But if you are not satisfied with your dealer's response to your problem, FCA US LLC recommends that you do the following:

Step 1:

Discuss your problem with the owner or general manager of the authorized dealership.

Step 2:

If your authorized dealer still cannot resolve the problem, contact the FCA US LLC Customer Assistance Center. You can find the address in "section 7.2".

B. What FCA US LLC Will Do

Once you have followed the two steps described in "section 7.1 A", a FCA US LLC representative at FCA US LLC headquarters will review your situation. If it is something that FCA US LLC can help you with, FCA US LLC will provide an authorized dealer with all the information and assistance necessary to resolve the problem. Even if FCA US LLC cannot help you, FCA US LLC will acknowledge your contact and explain FCA US LLC's position.

C. If Your Problem Still is Not Resolved For Customers Residing In Arkansas, Idaho, Kentucky, Minnesota And Montana ONLY

If you cannot resolve your warranty problem after following the two steps described in "section 7.1 A", and you live in Arkansas, Idaho, Kentucky, Minnesota or Montana ONLY, you can contact the FCA US LLC Customer Arbitration Process (CAP) in your area.

You may obtain a brochure describing FCA US LLC's CAP, including an application, by calling 800-247-9753 for assistance.

This service is strictly voluntary, and you may submit your dispute directly to the CAP at no cost. The CAP is administered by an independent dispute settlement organization and may be contacted in writing at the following address:

National Center for Dispute Settlement
FCA US LLC's Customer Arbitration
P.O. Box 515315
Dallas, TX 75251-5315

The CAP reviews only vehicle disputes involving FCA US LLC ("FCA US") Limited Warranty or a FCA US LLC/Mopar Part Limited Warranty. The CAP does not review disputes involving the sale of a new or used vehicle, personal injury/property damage claims, disputes relating to design of the vehicle or part, or disputes which are already the subject of litigation.

The CAP will need the following information from you:

1. Legible copies of all documents and repair orders relevant to your case.
2. Vehicle Identification Number (VIN) of your vehicle.
3. A brief description of your unresolved concern.
4. The identity of your servicing/selling dealer.
5. The date(s) of repair(s) and mileage at the time.
6. Current mileage on the vehicle.
7. A description of the action you expect to resolve your concern.

Upon receipt of your request:

- The National Center for Dispute Settlement (NCDS) will acknowledge receipt of your request, by mail, within 10 days, and advise you whether or not your dispute is within the jurisdiction of the process.
- When your request is within jurisdiction, NCDS will request FCA US LLC and the dealer to present their side of the dispute. You will receive copies of their responses.
- While your dispute is pending, NCDS or FCA US LLC may contact you to see if your case can be settled by agreement. If a settlement is offered to you, FCA US LLC will ask you to sign a form that contains that settlement. Your case will then be closed. There is no requirement for you to participate in this settlement process.
- If you requested an oral hearing, a decision-maker will contact you to arrange a convenient time and place for a hearing. Usually, this will be at a dealership near you.
- If you request a documents-only review, a NCDS panel will review and decide your case. Neither you, the dealer nor FCA US LLC need be present.
- NCDS will send you a written Statement of Decision. This statement will include the decision, any action to be taken by the dealer or FCA US LLC and the time by which the action must be taken. The decision will be binding on the dealer and FCA US LLC but not on you unless you accept the decision.

- If any action is required on the part of the dealer or FCA US LLC you will be contacted within 10 days after the date by which the dealer or FCA US LLC must act to determine whether performance has been rendered.
- The entire dispute settlement process will normally take no longer than 40 days.
- The CAP dispute settlement procedure does not take the place of any state or Federal legal remedies available to you. Whether or not you decide to submit your dispute to the process, you are free to pursue other legal remedies.

D. Notice Under State Lemon Laws

Some states have laws allowing you to get a replacement vehicle or a refund of the vehicle's purchase price under certain circumstances. These laws vary from state to state. If your state law allows, FCA US LLC requires that you first notify us in writing of any service difficulty that you may have experienced so that we can have a chance to make any needed repairs before you are eligible for remedies provided by these laws. In all other states, we ask that you give us written notice of any service difficulty. Send your written notice to the FCA US LLC Customer Assistance Center at the address in "section 7.2".

7.2. Helpful Addresses And Telephone Numbers

Here are the addresses and telephone numbers of the FCA US LLC Customer Assistance Centers that can help you wherever you happen to be. Contact the one that covers your area:

- **In the United States:**

- **FCA US LLC Customer Assistance Center**

- P.O. Box 21-8004

- Auburn Hills, Michigan 48321-8004

- Phone: 800-423-6343

- **To contact FCA US LLC by email**

- simply access the following website:

- www.chrysler.com

- (click on the "Contact Us" button)

- **In Canada:**

- **FCA Canada Inc.**

- **Customer Service**

- P.O. Box 1621

- Windsor, Ontario N9A-4H6

- Phone Number (English): 800-465-2001

- Phone Number (French): 800-387-9983

- **In Mexico:**

- **Customer Relations Office**

- Prolongación Pasco de la Reforma 1240

- Santa Fe, Cuajimalpa CP 05348

- Ciudad de México

- Phone Number (in Mexico):

- 800-505-1300

- Phone Number (outside Mexico):

- +(52) 55 50817568

- **In Puerto Rico and US Virgin Islands:**

- **Customer Service**

- FCA Caribbean LLC

- Box 191857

- San Juan, Puerto Rico 00919-1857

- Phone: 800-423-6343

- Fax: (787) 782-3345

8. Optional Service Contract

Mopar Vehicle Protection plans offer valuable protection against repair costs when these warranties no longer apply. They complement but do not replace the warranty coverages outlined in this booklet. A variety of plans are available, covering various time-and-mileage periods and various groups of the vehicle's mechanical components.

Mopar Vehicle Protection plans are the ONLY vehicle extended protection plans authorized, endorsed and backed by FCA US LLC to provide additional protection beyond your vehicle's warranty. Look for our brand logo and ask an authorized dealer for details.

9. Maintenance

9.1. General Information

It is your responsibility to properly maintain and operate your new vehicle. Follow the instructions contained in the General and Scheduled Maintenance Service guidelines in your Owner's Manual. Regular, scheduled maintenance is essential to trouble-free operation. If there is a dispute between you and FCA US LLC concerning your maintenance of your vehicle, FCA US LLC will require you to provide proof that your vehicle was properly maintained.

For your convenience, FCA US LLC has prepared a Maintenance Schedule with routine service intervals which is included in your Owner's Manual. Its essential to follow these required maintenance intervals for safe trouble-free operation.

9.2. Where To Go For Maintenance

FCA US LLC recommends that you return to the authorized dealer from whom you bought your vehicle for all maintenance service both during and after the warranty periods. Although you can get warranty service from any authorized dealer who sells your particular make, returning to your selling authorized dealer will help ensure that all your service needs are met and that you are completely satisfied. The dealership technicians are specifically trained to proficiently perform maintenance and repair procedures on your vehicle.

Authorized Chrysler, Dodge, Jeep or Ram dealers will help ensure that all your service needs are met and that you are completely satisfied. FCA US LLC strongly recommends you use genuine FCA US LLC/Mopar parts to maintain your vehicle.

Introducing the **New Commercial Side-Entry** **Built on the Chrysler Voyager**

 **BraunAbility**[®]

The Commercial Side-Entry wheelchair accessible vehicle has been a cost-effective, workhorse product for paratransit providers and transportation services. Leveraging almost 50 years of experience in mobility transportation solutions, BraunAbility introduces with the newest addition to the Commercial fleet, the Chrysler Voyager. The side-entry foldout has all the ADA-compliant features of the Dodge Grand Caravan but with 15% more cabin space for easier maneuverability, more seating positions, plus enhanced space at the toe pan for wheelchair footrests. The new conversion also features the much more durable thermoplastic (TPO) front, side and rear flares to absorb minor impacts while protecting the exterior look of the vehicle. An LED spotlight package for the ramp and cabin as well as an easy access footrest for rear seating adds to the overall ease of use for both operators and passengers.

- **15% more cabin space vs. Dodge Grand Caravan**
- **Seating for up to 7 ambulatory*[†]; up to 2 wheelchair positions**
- **Added space at front for wheelchair passenger footrests**
- **Hard-wearing TPO front, side and rear flares to absorb minor impacts**
- **Reinforced, heavy-duty swing-out ramp and latch**
- **Enhanced ADA lighting package**

* With optional aftermarket 2nd row 2-passenger folding bench seat

braunability.com/commercial

800.488.0359

Voyager Commercial Side-Entry

Standard Features

- ADA, FMVSS and CMVSS Compliant
- CARB approved
- 7-passenger vehicle (with optional aftermarket 2nd row 2-passenger folding bench seat)
- Lowered floor from toepan to rear axle
- 60" floor-to-ceiling at center of van
- 30" wide manual ramp with 1,000 lb capacity and swing out feature for ambulatory access
- Multiple wheelchair securement locations
- One wheelchair securement system
- Manual driver and passenger side sliding door providing 56" vertical opening (ADA compliant), passenger door provides clear opening width of 31" (excluding OEM grab handle)
- Step-and-Roll removable front passenger seat
- 3-passenger bench seat at rear with folding footrest
- Front passenger floor tracks for wheelchair securement, with 60" floor-to-ceiling height
- TPO plastic lower body panels with integrated steps
- Vinyl flooring with 3/8" underlayment, a thermoplastic honeycomb panel subfloor
- ADA-compliant park interlock
- ADA-compliant ramp and door entrance lighting
- Priority seating and wheelchair securement location decals
- Auxiliary wiring harnesses include fused circuits
- Emergency rear hatch release
- Easy maintenance interior trim package
- 19 gallon OEM fuel tank

Optional Features

- Aftermarket 2nd row 2-passenger folding bench seat
- DOT kit
- Additional set of tie-down straps

Dimensions

Door opening usable width (excluding OEM grab handle)	A	31"
Door opening usable height (at middle of door)	B	56"
Interior height at center of vehicle	C	60"
Interior height at driver and passenger position	D	60"
Ramp length	E	52"
Ramp width (usable clear opening)	F	30"
Ramp angle*	G	13.75°
Interior floor length (behind front seat strikers)	H	71"
Overall interior floor length (flat area)	I	98.5"
Interior width at passenger doors (doors closed)	J	64"
Interior width - ramp (deployed) to optional 2-passenger seat (stowed)	K	49"
Ground clearance (loaded) @ = GVWR lbs**	L	5"
Overall vehicle height (unloaded)	M	81"

Due to manufacturing tolerances both with the OEM vehicle and the conversion components, all dimensions may vary slightly from those shown.

* Ramp angle may vary based on chassis trim level and other environmental factors

** 5" clearance between the break-over angle position of the vehicle exhaust pipe and level ground when loaded to capacity

Ramp capacity 1,000 lbs.

All dimensions are for reference only

Eligible Transit Vehicle Manufacturers

DBE regulations require FTA recipients to report transit vehicle procurement awards (49 CFR 26.49). Since November 2014, FTA grantees have been required to submit, within 30 days of making an award, the name of the successful bidder and the total dollar value of the contract. Only eligible TVMs may bid on FTA-assisted transit vehicle procurements. Transit vehicle manufacturers that have submitted a goal methodology to FTA that has been approved, or has not been disapproved, at the time of solicitation are eligible to bid (49 CFR 26.49(a)(1)). To remain eligible, TVMs must submit their DBE goal methodology to FTA by August 1 of each year. The following is a list of eligible TVMs:

Transit Vehicle Manufacturer	Address	FY2021 DBE Goal %	DBE Liaison Officer/ Email

FLEET

Effective 5/1/2019

Program Name:	Customer Specific Pool for Self-Storage Customers – 4FP (“Program”)
Program Period:	Maximum of 90 days, unless otherwise specifically agreed to in writing by FCA US
Eligible Vehicles:	Any new domestic built current model year FCA US vehicle
Customer Eligibility:	Any Fleet Commercial customers in possession of a Fleet Account Number (FAN) with an approved Pool Request Form (“Customer”).

Program Elements: This program offers approved Customers the ability to order vehicles to a customer’s specification to be stored by the Customer at the Customer’s location for a period not to exceed 90 days post production (combined JB/JS status) unless mutually agreed in writing by the parties’ authorized representatives. To participate in the Program, the FCA US Fleet Regional Account Executives must submit the following items to the Pool Manager for Senior Management approval: (1) a Pool Request Form (include in these Program Rules) and (2) a signed copy of these Program Rules from the Customer. This Program excludes any and all vehicles ordered to a customer’s specification and stored at a location chosen by FCA US LLC as those vehicles would be governed by the Customer Specific Pool for FCA US LLC Storage – 4FP agreement and rules.

Participation Fees: FCA US LLC (“FCA US”) will invoice, and Customer shall pay US\$200 per vehicle, to participate in the Program. This fee will be included in the Customer’s vehicle invoice unless waived in writing by FCA US.

Ordering: Program orders will be submitted by Fleet Management Companies and Fleet Dealers. The ordering entity must add the following items to the vehicle order:

1. Customer Specific Pool tracking code “4FP” or, if ordering via VOIM, contact the FCA US Pool Manager
2. Initial “ship to” code of either:
 - a. “91012” (50 State Emissions – NAS and 42 State Emissions – NAA); or
 - b. “96318” (CA/NE emissions – NAE)
 NAE states are: California, Connecticut, Delaware, Maine, Massachusetts, Maryland, New York, Pennsylvania, Rhode Island, Vermont, Washington, Oregon and New Jersey
3. Provide the FCA US Pool Manager the final “ship to” code within 90-days of combined JS/JB status
4. **Upfit Pool Vehicles Ordering:** The ordering entity must add the applicable Upfitter’s Special Equipment Code (SEC code) of an FCA US approved Upfitter. SEC codes for Upfitters can be found on the Fleet Links page in DealerCONNECT (DealerCONNECT/Sales/FleetLinks/SEC Guide).

Storage and Loss or Damage to Vehicles: While vehicles are stored at the Customer's location, the vehicles remain in FCA US's inventory and are subject to removal and replacement by FCA US. Accordingly:

- Customer will at all times keep vehicles properly stored and maintained in a secured, fenced, and locked area and will not remove any vehicles from such location until Customer contacts FCA US to add a final "ship to" code. After delivery to Customer, Customer will be responsible to FCA US for any loss, damage, missing parts, accessories, components, or diminution in value of each vehicle, whether or not covered by insurance.
- Customer will maintain a separate accounting of all vehicles by model, vehicle identification number, and location and will furnish such information to FCA US upon request. FCA US shall further have the right, with or without advance notice, to examine vehicles and Customer's records related to vehicles at any time during regular business hours.

Storage & Transportation: Vehicles in the Program will be stored and then delivered based on FCA US's normal logistics processes and average in-transit times (which may vary) from the manufacturing plant to the "ship to" state. After delivery to the "ship to," the subsequent delivery activities to the end user are the responsibility of the Customer. The following conditions are required for delivery of the vehicle:

- Valid FCA US "ship-to" code has been added to the vehicle order
- The vehicle status is "KZ"

Upfit and Transportation: The Upfitter must follow standard Upfitter processes including:

- Notification to FCA US of when the upfit is complete
- Contact the appropriate carrier when the vehicle is ready to be picked up

Exports Requirement: In the event a vehicle is transferred outside the U.S. for upfit or other work prior to final delivery, Customer shall be the importer and exporter of record, as applicable, and comply with all export, import, and trade compliance laws of all countries applicable to the vehicles in the Program (including any upfitted vehicles). Further, Customer shall ensure that all vehicles in the Program (including any upfitted vehicles) are re-exported back into the U.S. within 365 days of the date of export, or within such time period as required by applicable law, so that there shall be no duty, tariff, or any other similar taxes, imposed or levied by any governmental agency on the vehicles. In the event any such duty, tariff, or any other similar taxes, fines, penalties are imposed or levied, Customer shall be responsible for all such amounts, including any other related costs, fees, and/or expenses incurred. Upon request by FCA US, Customer shall promptly provide all information and deliver all such documents, as are reasonably required to export and/or import the vehicles under this Program.

Invoicing: FCA US will invoice Customer for the vehicles when the final "ship-to" code has been added to the vehicle order, and Customer shall promptly pay all invoiced amounts. Customer or the ordering entity is required to provide this final "ship-to" code within 90-days of JS/JB status.

Fleet Contacts: Any questions about the Customer Specific Pool process please contact FleetBR@fcagroup.com.

Program may be amended or terminated at any time by FCA US LLC in its sole discretion. Vehicle orders placed with FCA US and/or FCA US brand dealership purchase orders signed within stated program date parameters, or prior to and including any such termination date, will be considered eligible.

Limited Warranty

BraunAbility®

Braun Public Use - Lowered Floor Wheelchair Accessible Vehicle

34941 Rev B

IMPORTANT

This booklet contains BraunAbility® limited warranties. It should be kept in your vehicle and presented to your Dealer if any warranty service is needed.

WARRANTY AND REGISTRATION INSTRUCTIONS

Examine your lowered floor minivan conversion for any damage. Should any damage have occurred during delivery, notify the carrier at once with any claims.

Review the service agreement, delivery checklist and warranty registration form with your sales representative. The form must be signed by the consumer and retailer. A hard copy is available upon request.

The warranty registration form must be processed electronically by the sales representative to activate the warranty. This Warranty Booklet contains detailed terms and provisions applicable to this vehicle.

Record the last eight digits of the vehicle identification number (VIN) in the space provided for future reference. This information must be provided when filing a warranty claim or ordering parts.

Vehicle Identification Number (VIN) _____

LIMITED WARRANTY

WARRANTY COVERAGE AND WARRANTY COVERAGE TIME PERIODS

The BraunAbility® (“Braun”) warranty covers Braun’s modifications and alterations for associated parts for three (3) years or the first thirty six thousand (36,000) miles, whichever occurs first. In addition, the corrosion protection portion of this warranty applies to covered parts (see below) for 5 years or 100,000 miles, whichever occurs first. The 3 year/36,000 mile limited warranty covers substantial defects in materials and workmanship attributable to Braun of the conversion van frame, floor structural components, ramp, door and associated structural components, electrical components, including but not limited to switches, wires, connectors and the controller and interior appearance items such as floor covering and the lower door extension assemblies. The corrosion warranty covers substantial defects in materials and workmanship attributable to Braun on the metal fabrication on or of the frame, floor and lower door extensions. These warranty periods begin on the date that the product is delivered to the first retail purchaser by an independent, authorized dealer of Braun, or, if the dealer places the product into any type of service prior to retail sale, on the date the dealer first places the product in such service.

This limited warranty applies to the first consumer purchaser, and the next subsequent owner, only. This limited warranty may be transferred once during the warranty period. However, the subsequent owner must submit a warranty transfer form to Braun to make the warranty transfer effective. All rights and limitations within this warranty are applicable to the original and subsequent owner of the product. The subsequent owner’s warranty coverage period is the remaining balance of the warranty coverage period that the prior owner was entitled to under this limited warranty. Warranty transfer forms can be obtained from any independent, authorized dealer, which must be submitted to Braun within thirty (30) days from the subsequent owner’s purchase, and proof of the purchase date must be supplied with the form.

WHAT BRAUN WILL DO TO CORRECT PROBLEMS

In the event that a substantial defect in material or workmanship, attributable to Braun, is found to exist during the warranty coverage periods, it will be repaired or replaced, at Braun's option, without charge to the owner, in accordance with the terms, conditions and limitations of this limited warranty.

Braun's obligation to repair or replace defective materials or workmanship is the sole obligation of Braun under this limited warranty. Braun reserves the right to use new or remanufactured parts of similar quality to complete any work, and to make parts and design changes from time to time without notice to anyone. Braun reserves the right to make changes in the design or material of its products without incurring any obligation to incorporate such changes in any previously manufactured product. Braun makes no warranty as to the future performance of this product, and this limited warranty is not intended to extend to the future performance of the product. In addition, the owner's obligation to notify Braun, or one of its authorized, independent dealers, of a claimed defect does not modify any obligation placed on the owner to contact Braun directly when attempting to pursue remedies under state or federal law.

LIMITED WARRANTY

LIMITATIONS, EXCLUSIONS AND DISCLAIMER OF IMPLIED WARRANTIES

ANY IMPLIED WARRANTY THAT IS FOUND TO ARISE BY WAY OF STATE OR FEDERAL LAW, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR ANY IMPLIED WARRANTY OF FITNESS, IS LIMITED IN DURATION TO THE TERMS OF THIS LIMITED WARRANTY AND IS LIMITED IN SCOPE OF COVERAGE TO THE SCOPE OF COVERAGE OF THIS LIMITED WARRANTY. Braun disclaims any express or implied warranty, including any implied warranty of fitness or merchantability, on items excluded from coverage as set forth in this limited warranty. Braun makes no warranty of any nature beyond that contained in this limited warranty. No one has authority to enlarge, amend or modify this limited warranty, and Braun does not authorize anyone to create any other obligation for it regarding this product. Braun is not responsible for any representation, promise or warranty made by any independent dealer or other person beyond what is expressly stated in this limited warranty. Any selling or servicing dealer is not Braun's agent, but an independent entity.

BRAUN SHALL NOT BE LIABLE FOR ANY INCIDENTAL OR CONSEQUENTIAL DAMAGES THAT MAY RESULT FROM BREACH OF THIS LIMITED WARRANTY OR ANY IMPLIED WARRANTY. THIS EXCLUSION OF CONSEQUENTIAL AND INCIDENTAL DAMAGES SHALL BE INDEPENDENT OF ANY FAILURE OF THE ESSENTIAL PURPOSE OF ANY WARRANTY, AND THIS EXCLUSION SHALL SURVIVE ANY DETERMINATION THAT THIS LIMITED WARRANTY OR ANY IMPLIED WARRANTY HAS FAILED OF ITS ESSENTIAL PURPOSE. This warranty does not cover, and in no event shall Braun be liable for towing charges, travel, lodging, or any other expense incurred due to the loss of use of the product or other reason.

Some states do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

HOW TO GET SERVICE

To obtain warranty service the owner must do all of the following:

1. Notify an authorized service center, of the claimed defect attributable to Braun, within the warranty coverage period designated above;
2. Provide the notification mentioned in (1), above, within ten (10) days of when the owner discovered, or should have discovered, the claimed defect;
3. Promptly schedule an appointment with and take the product to an authorized service center for service; and
4. Pay any transportation costs and all expenses associated with obtaining warranty service.

Since Braun does not control the scheduling of service work at the independent dealerships you may encounter some delay in scheduling or completion of work. If you need assistance you may contact Braun, at 631 West 11th Street, Winamac, Indiana 46996; Customer Experience Group 1-800-488-0359.

If two (2) or more service attempts have been made to correct any covered defect that you believe impairs the value, use or safety of the product, or if it has taken longer than thirty (30) days for repairs to be completed, you must, to the extent permitted by law, notify Braun directly, in writing, at the above address, of the unsuccessful repair(s) of the alleged defect(s) so that Braun can become directly involved in providing service pursuant to the terms of this limited warranty.

LIMITED WARRANTY

WHAT IS NOT COVERED

This Limited Warranty does not cover any of the following: defects in materials, components or parts of the product not attributable to Braun, any material, component or part of the product that is warranted by another entity (Note: the written warranty provided by the manufacturer of the material, component or part is the direct responsibility of that manufacturer); items that are added or changed after the product leaves Braun's possession; additional items installed at any dealership, or other place of business, or by any other party, other than Braun; normal wear, tear, usage, maintenance, service, periodic adjustments, the effects of condensation or moisture from condensation; mold or any damage caused by mold; imperfections that do not affect the product for its intended purpose; items that are working as designed but that you are unhappy with; problems related to mis-operation, misuse, mishandling, neglect or abuse, including failure to maintain the product in accordance with the owner's manual, or other routine maintenance such as inspections, lubricating, adjustments, tightening of screws, sealing, wheel alignments or rotating tires; damage due to accident or collision, including any acts of weather or damage or corrosion due to the environment; theft, vandalism, fire, or other intervening acts not attributable to Braun; damage resulting from tire wear or tire failure; defacing, scratches, dents or chips on any interior or exterior surface of the product, including those caused by rocks or other road hazards, damage caused by off road use, overloading or alteration of the product, or any of its components or parts;

Defects and/or damage to interior and exterior surfaces and other appearance items may occur at the factory or when the product is in transit to a dealer. These items are usually detected and corrected at the factory or by the selling dealer prior to delivery to the retail customer. You must inspect the product for this type of damage when you take delivery. If you find any such defect or damage you must notify the selling dealer, or Braun, at the time of delivery to have these items covered by this limited warranty and to have work performed on the items at no cost to you as provided by this limited warranty.

EVENTS DISCHARGING BRAUN FROM OBLIGATION UNDER WARRANTY

The following shall completely discharge Braun from any express or implied warranty obligation to repair or replace anything and void this warranty: any rental or other commercial use or purchase of the product (as defined in this warranty), misuse, neglect, collision, accidents, failure to provide routine maintenance (See Owner's Manual), unauthorized alteration, off road use, damage from weather or the environment, theft, vandalism, tampering, fire, explosions, overloading the product and odometer tampering.

LEGAL REMEDIES

Any action to enforce any portion of this limited warranty, or any implied warranty, must be commenced within six (6) months after expiration of the warranty coverage period designated above or the action will be barred because of the passage of time. Any performance of repairs shall not suspend this limitation period from expiring. Any performance of repairs after the warranty coverage period has expired, or performance of repairs regarding any thing excluded from coverage under this limited warranty shall be considered "good will" repairs, and they will not alter the terms of this limited warranty, or extend any warranty coverage period or the filing limitation period in this paragraph. In addition, since it is reasonable to expect that the product will need some service during the warranty period, this warranty does not extend to future performance. It only sets forth what Braun will do and does not guarantee anything about the product for any time period. Nothing in this warranty, or any action of Braun, or any agent of Braun, shall be interpreted as an extension of any warranty period or the filing limitation period in this paragraph. Some states do not allow a reduction in the statute of limitations, so this reduction may not apply to you.

LIMITED WARRANTY

WARRANTY REGISTRATION and MISCELLANEOUS

Your warranty registration records should be completed and delivered to the appropriate companies, including the Braun Delivery Checklist & Warranty form. That form must be returned to Braun within twenty (20) days of purchase. The Braun warranty will not be registered unless this warranty registration is completed and received by Braun. Failure to file this warranty registration with Braun will not affect your rights under this limited warranty as long as you can present proof of purchase, but it can cause delays in obtaining the benefits of this limited warranty, and it changes the start date of the warranty to the date of final assembly of the product by Braun.

Braun agrees to repair or replace any of its factory installed parts found to have substantial defects within the appropriate warranty period designated above, provided that the repair is authorized by Braun and carried out by an authorized service center (a Braun labor schedule determines the cost allowance for repairs). Braun will not honor any warranty claim for repairs or replacement of parts unless the claim is submitted with the appropriate paperwork, and the work is completed by an independent, factory authorized service center. The appropriate paperwork can be obtained by written or phone contact with Braun at the contact information in this warranty.

Braun reserves the right to designate where any warranty work can be performed. Braun also reserves the right to examine any defective workmanship or part prior to giving any authorization for warranty work. Braun's return authorization procedure must be adhered to in order to process any warranty claims.

THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS. YOU MAY ALSO HAVE OTHER RIGHTS THAT VARY FROM STATE TO STATE.
